

00:57:08 glenna wisniewski: Liverpool is beginning to work on the next step of allowing patrons in so will keep you posted on our timeline once we work it out

00:58:12 Jacklyn Hoyt: NOPL is as well. We're doing curbside and planning to do that for the foreseeable future. Our next phase will be limited access for holds pickup and computer use by appointment

01:01:08 Marilyn: SUNY Morrisville, we still don't have any information on when staff can go back or when we can open. Nobody is telling us anything.

01:02:57 jmrice: SU Library - first phase going back, but only a tiny amount of people getting through some circ and ILL backlog. next 2 phases of staff return at approx. two week intervals

01:03:50 Cristina Pope: SUNY Upstate .. re-opening to our ID holders Monday, July 6th ...

01:04:39 Cristina Pope: @Upstate, we will try to hold our staff density to 50% ... those who can and want to work from home will continue to do so

01:04:56 glenna wisniewski: LPL is starting Summer Reading on 6/29 with craft packets etc like Elbridge.

01:07:10 Jacklyn Hoyt: We're going to be doing our first story walk at North Syracuse in July; the parks department is also interested in expanding the story walk into other parts of the village

01:07:15 Cristina Pope: where / whom do you call to purchase park passes?

01:07:31 Cristina Pope: would like to get some for my community

01:07:31 Michelle: we started curbside last week in Morrisville and SRP is virtual

01:07:51 Cristina Pope: Clorox wipes!

01:08:03 miranda mcdermott bc ocpl : hi when will info about the clrc be on the web site?

01:08:28 miranda mcdermott bc ocpl : the conference

01:08:57 jmrice: yes, and temperature is so individual! I always run cold, so if I was sick, I'd probably test normal

01:09:17 Cristina Pope: average human temperature is now around 96

01:09:59 Val Massulik: The temperature checking is just one layer of the protocol to weed out those who may be sick. It's not meant as a catch all for everyone.

01:11:15 Manlius Library: We are having people take their own temperatures as part of the symptom checker questions they have to answer before each shift

01:11:53 miranda mcdermott bc ocpl : what is the next stage after opening for comp appts?

01:12:16 Kaela Wallman: What are the items folks made unavailable during curbside?

01:13:24 miranda mcdermott bc ocpl : will libraries be open for hang out ever?

01:17:14 miranda mcdermott bc ocpl : beauchamp only does books and movies from ocpl

01:19:15 Rebecca Kluberanz:  
<https://square.site/book/N7RAA02RHA9YT/golden-bee-bookshop-liverpool-ny>

01:20:26 Amanda Schiavulli - OCPL : I think I've shared this before, but Childcare Solutions put this out about a month ago:  
<https://childcaresolutionscny.org/guidance-revitalizing-or-reopening>

01:23:59 miranda mcdermott bc ocpl : what is the cost for the virtual clrc conference?

01:25:24 Rebecca Kluberdanz: Miranda - as of now we're hoping the cost of the conference will be free but there is a chance we could charge a minimal cost. If we did charge a fee, it would be at most \$20.

01:28:52 miranda mcdermott bc ocpl : are people tracking digital statistics and use of digital resources and has there been a large increase?

01:30:51 Manlius Library: Thanks Marc!
