Youth Services Meeting: Homeschooling 101 for Librarians
Date: Friday, August 21, 2020

Time: 10:00am

Ever wonder who homeschools their kids and why? Does a parent have to be a certified teacher? What's involved? Does the school provide curriculum? What about the state tests?

Join Liverpool Library's "Homeschooling Librarian", Deanna McGregor, as she answers these questions and gives an overview of homeschooling in NYS. Most importantly, she will share how can libraries meet the needs of homeschooling families.
