

00:08:49 Rebecca Kluberanz: "ALA needs your help and assistance. We are seeing that libraries are having to close temporarily or adjust due to a known exposure or positive contact of a staff member or a customer.

ALA would like to track this on a national level, but need your help in providing us information when a library in your state reports an exposure/positive case. In most cases the library closes access to their facility. In a couple of cases the library/branch has remained open.

Below are libraries in 13 states that we have heard about in news reports.

If you can, send us a message or link to a news report to Mariel Colbert mcolbert@ala.org<<mailto:mcolbert@ala.org>> and kindly CC Jeremy Johannesen director@nyla.org<<mailto:director@nyla.org>>

Thanks!"

00:08:58 Rebecca Kluberanz: That was the email ALA sent out

00:17:10 Rebecca Kluberanz: <https://clrc.org/grants-awards/crisisgrants/>

00:19:35 Mandy Travis: Thank you! Definitely planning on applying?

00:20:00 Rebecca Kluberanz: Awesome!

00:27:47 glenna wisniewski: you could call the Committee on Open Meetings—they could give you a sense of if there will be an extension or not. They were helpful to us last month

00:33:07 Mandy Travis: I'm going to do that right now @Glenna.

00:39:49 glenna wisniewski: I would like the info too share with my staff—thanks

00:52:36 Scott Kushner : LaFAyette is keeping reduced hours

00:57:24 Rebecca Kluberanz: <https://clrc.org/grants-awards/awards/>

00:58:03 glenna wisniewski: I nominate ALL the libraries for getting through this pandemic with humor and grace!
